

Phantom Grey

The Eden II

BY PHANTOM GREY DYNAMIC

Four-bedroom terrace residences and serviced apartments, set behind a private gated entrance in Katampe, Abuja — crafted for family life, built for lasting value.

WHO WE ARE

About Phantom Grey Dynamic

Est. 2015

Registered in Nigeria — RC 1312698

100% Nigerian-Owned

Managed by seasoned, in-house technical professionals

Full-Service Delivery

Design, structural, M&E and quantity surveying in-house

CONSULTANCY · INTERIORS · DEVELOPMENT

Phantom Grey Dynamic Ltd. is a consultancy outfit in the building industry providing comprehensive **architectural consultancy and interior design**.

We major in both conventional and cladding interior finishing works, backed by in-house structural and services (electrical/mechanical) engineers, as well as quantity surveyors — giving every project a well-rounded, informed design and cost solution.

The company is managed by well-trained, articulate, seasoned professionals and technical personnel with many years of relevant experience.

Our directors have been involved in every aspect of building and construction consultancy — from project inception through design proposals, detailed working drawings, project supervision and project management — bringing that same discipline to The Eden II.

THE DEVELOPMENT

The Project

● KATAMPE DISTRICT · ABUJA, FCT

The Eden II is a project by Phantom Grey judiciously sited in a calm, fast-developing area of Katampe, Abuja.

It was conceived to delight through dedication and attention to detail — every square inch built with the same diligent, unbending commitment to quality we're known for. Amenities include round-the-clock security personnel, central power and water, and full management of common areas.

The development is also an ideal asset for investors: given the locational and demand advantages in Katampe, value appreciation is more or less guaranteed, with reasonable cash flow potential from day one.
